To,

At Whitefield Global School, we believe in fostering a spirit of healthy competition, encouraging students to showcase their talents and abilities in a friendly and supportive environment. These competitions provide an excellent platform for students to explore their interests, develop their skills, and grow as individuals.

Wings Of Fire will bring together students from various schools, creating an atmosphere of camaraderie, collaboration, and shared learning. We have curated various competitions to cater to different interests and strengths.

We will indeed witness students' talent, passion, and sportsmanship. Let us embrace this opportunity to showcase the true spirit of collaboration!

WINGS OF FIRE

Competition makes you better, always makes you better, even if the competitor wins" This beautiful quote by Carlos Slim forms the base of Whitefield Global School's annual Flagship Event 'Wings of Fire'. It is a two-day inter-school competition extravaganza, where participants from various invitee schools put forth their winning streaks individually and collectively as teams, trying their best to fetch laurels for their respective schools. The best part of this competitive event is that through it students discover what they are capable of and how much more they can actually do. They compete and collaborate at the same time each trying to showcase the best version of themselves in competitions ranging from story-telling and advertising to wonderfully creative ones like Food Connoisseurs and RJ FunnyBones, according to their grades and age group. The event ends with a declaration of the overall champions.
