HINDI DIWAS - GRADES 1 & 2

"वही भाषा जीवित और जाग्रत रह सकती है जो जनता का ठीक-ठीक प्रतिनिधित्व कर सके।"

(Only that language will remain alive, that can represent the public in their terms)

- Pir Muhammad Yunis

Language is what allows civilization to grow and prosper. It is language that helps us pass on knowledge, history and experience from one generation to another and build empires.

Hindi Diwas is celebrated annually on September 14th, to promote the language and its usage across the nation. The first Hindi Day was celebrated on September 14, 1953, after the then Prime Minister of India Pandit Jawaharlal Nehru decided to commemorate this day as Hindi Diwas.

To make the students understand the importance of HINDI DIWAS, Whitefield Global School has organized a weekly assembly.

The students of Grades I and II spread awareness about the language through various activities: They performed one yoga asana and spoke about the importance of that asana in Hindi. They displayed their talent by dancing/ singing/ poem recitation in Hindi. They also narrated a small story in Hindi and played a quiz on Hindi Diwas.

CCA - STORYTELLING WITH PUPPETS - GRADES 1 & 2

"Great thoughts converted to practice will become great accomplishments"

Storytelling is the most powerful way to communicate in the world today. One such rarely used but very effective form of Storytelling is that with the Puppets.

Puppetry is an art form that appeals to all age groups. It is a medium that helps in developing imagination, creativity and observation skills in children.

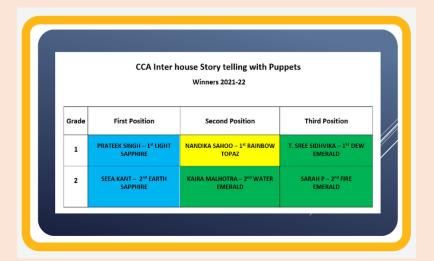

In an age where our children know only about animated puppets on television, the WGS Primary Wing (Grade 1 and 2) organized "Storytelling with Puppets" and letting our tiny tots ignite their passion in telling stories using inanimate puppets made from waste.

The participants presented their immaculate work by making colourful and mesmerizing puppets. It encouraged the craftsmanship and originality of the children and enabled them to understand the technique of staging a puppet show.

The stellar performances by the participants gave our evaluator, Mrs. Deepa S, the Head Mistress of the Primary Wing a very tough time to decide on the winners. After considering the rubrics like Story, Puppets made, Presentation Skills and Confidence, our evaluator was able to decide on the winners.

Congratulations to all the winners who made this competition a true learning experience for everyone where each child took home an inspiration, thus keeping the Art form Alive!!

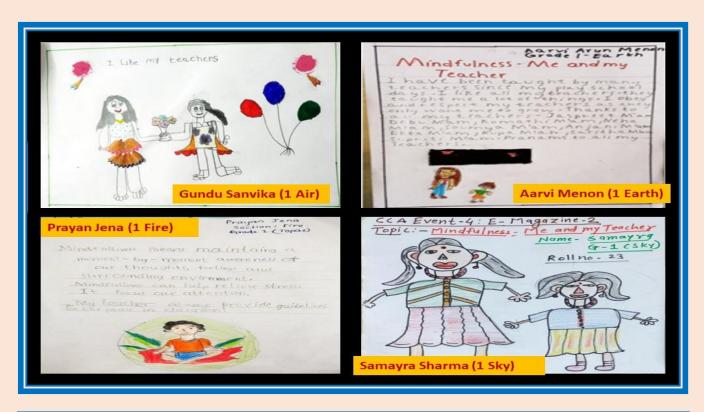

CCA - E-MAGAZINE - GRADES 1-5

"You can't stop the waves, but you can definitely learn how to surf"

-Jon Kabat Zinn

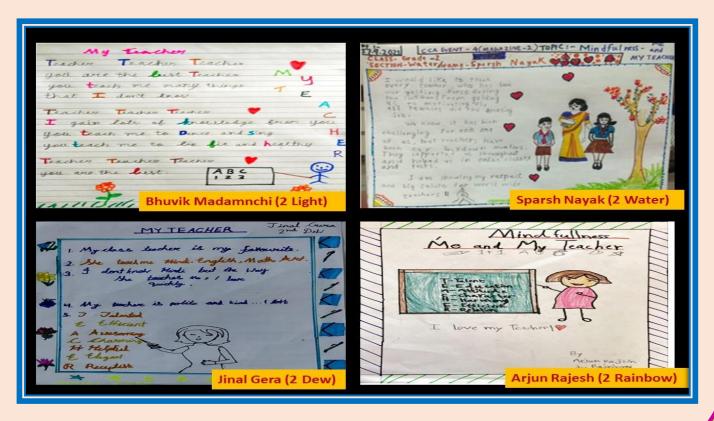

With this thought-provoking quote, we proudly bring forth the 2nd edition of our E Magazine by the Primary students of WGS. The theme of the magazine is "Me and My Teacher - Mindfulness".

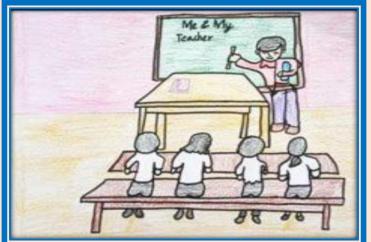

A child's mind is like a parachute, it doesn't work if it isn't open. Mindfulness is a powerful tool that opens the child's thought process by calming them, focusing their attention on positivity and helping them interact effectively with others.

Incorporating mindfulness into education has been linked to improving academic, social, and emotional learning. It's been rightly said that creativity inspires ideas and ideas inspire change. Keeping this in mind, students present their views on mindfulness through stories, slogans, facts, poems, drawings etc.

The following pages of the magazine will give you a deeper insight into our escapade, so sit back and come aboard with us through the medium of this magazine.
