INTERNATIONAL DIMENSION IN SCHOOLS AWARD

The International Dimension in Schools (IDS) Awards journey of WHITEFIELD GLOBAL SCHOOL has been an enriching and beautiful journey. It has been a saga of exploration, teamwork, collaboration, immense learning and achievement.

As we recall our experience as IDS Coordinators, we have found it as a journey of adventure and an opportunity to help the students (KG 1 to Grade X) become independent learners, competent individuals and global citizens adopting and adapting to the 21st-century skills.

It started with a spark of light in designing brainstorming learning activities.

All the activities re-kindled the minds and hearts of our learners which helped in creating new vistas in the teaching and learning process. The IDS journey has been a pleasure to work with teachers, students and parents with a sense of commitment and ownership. It has been an enriching experience, giving us a learning opportunity to collaborate and develop a unique bond within the school and with students of different countries (the partner schools) working as a team with a common objective to help students grow and flourish as leaders of the global community. The learning outcome of each activity conducted was achieved by our students.

The successful completion of all the activities planned throughout the year has brought international dimensions to our curriculum enabling us towards global citizenship. Celebrating the School's effort to include international work as part of its Curriculum and embed it within the school's culture, the British Council has awarded Whitefield Global School the International Dimension in Schools Award for the period 2022 to 2025.

We will be continuing to engage our students in international activities through our Project-Based Learning and explore the scope to continue to develop and benefit the school community through adopting various Sustainable Developmental Goals set by United Nations.

RENDEZVOUS WITH FRIENDS

“Good Friends, Good Food, Good Times”

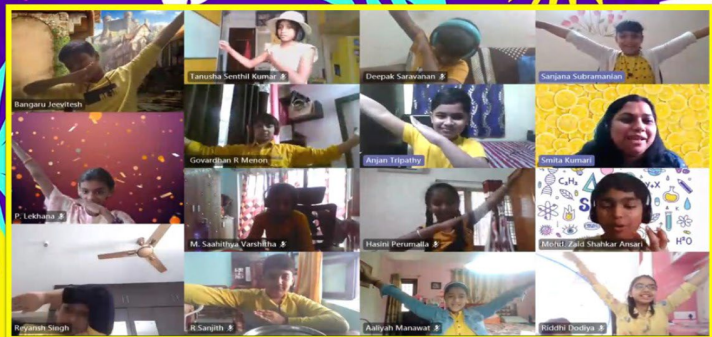

There's a different kind of bonding that comes with sharing food and drink. Food tastes better when we share and eat with a group. Conversation and food go hand-in-hand. It provides an opportunity for every to come together and have a good time. In today's virtual world, being with friends is important. “Rendezvous with friends”, at Whitefield Global School provided students from the Primary Section an opportunity to enjoy good conversation with their classmates over some tasty wraps at lunch. They laughed a lot while asking riddles and had fun bonding time while cracking endless jokes.

*Tribute to General Bipin Rawat,
India's first CDS, Visionary of Indian Army*

Amar Jawan

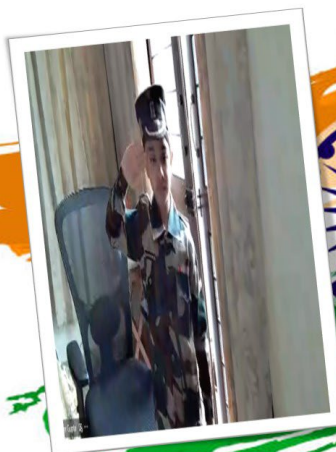

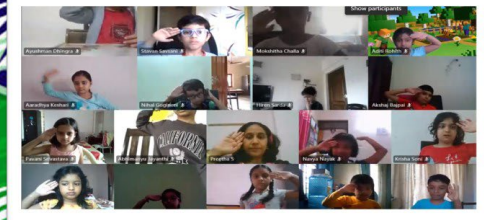

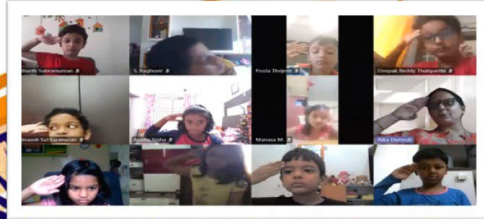

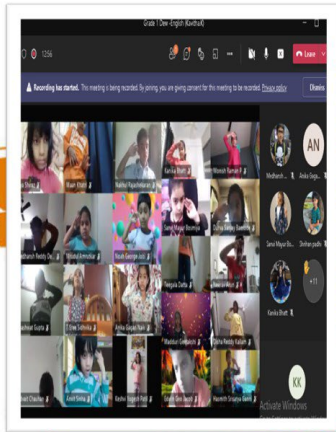

SPECIAL ASSEMBLY CONDUCTED TO SALUTE CDS GENERAL BIPIN RAWAT

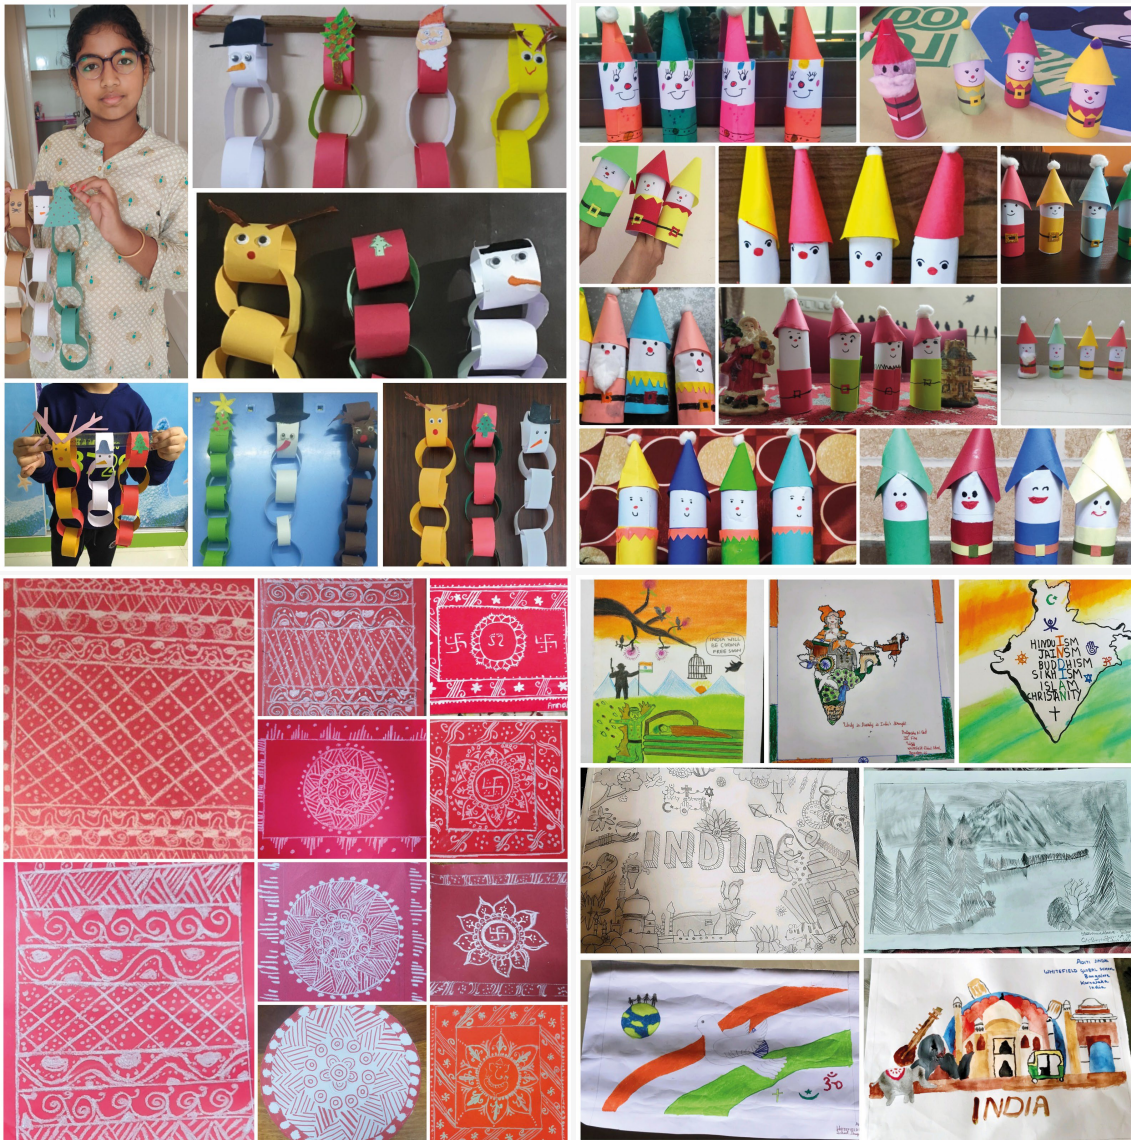

Our students of Grades I to V, observed 2-minute silence to pay tribute to the great soldier General Bipin Rawat, India's first CDS, Visionary of Indian Army on 10th December. They also dressed up and spoke about the contributions of a great soldier of the Indian Army.

Students were sensitized by the teachers about the contributions to the nation by the great soldier.

SPECIAL ASSEMBLY CONDUCTED TO SALUTE CDS GENERAL BIPIN RAWAT

ART AND CRAFT CLASSES

Art education helps children with the development of motor skills, language skills, social skills, decision-making, risk-taking, and inventiveness. It encourages creativity and engagement in a different way. Simple things like mastering a paintbrush or using crayons and pencils help develop finer motor skills, especially in younger children. Studying the arts also helps improve academic performance, not just through creativity, but it improves learning in areas like math and science as well as the literary field.

Art education also fosters collaboration and group learning. It also helps improve decision-making, boosts self-confidence, and makes children more self-assured, as they learn about what appeals to them, and they directly influence how their final product will look. They can become self-learners, constantly challenging themselves, and become more focused on achieving their goals.

Our students of Grade I to V enjoy their art classes and look forward to enhancing their creativity.

ART INTEGRATION

Art integrated learning makes all children respond with their imagination. We at WGS continue to strive to provide quality education using a fine blend of modern techniques with time-tested ideas and methods. Students explore creatively different topics through various art forms. Keeping this promise, we wanted our children to learn by integrating the ideas with art which will help in better retention of the concepts learnt in class.

We are so proud of the work done by our students.

Math - Fraction Fun Activity

SCIENCE - POSTER MAKING

Computer-Art Integration to learn parts of a mouse

CCA - COOK WITHOUT FIRE | GRADES I & II

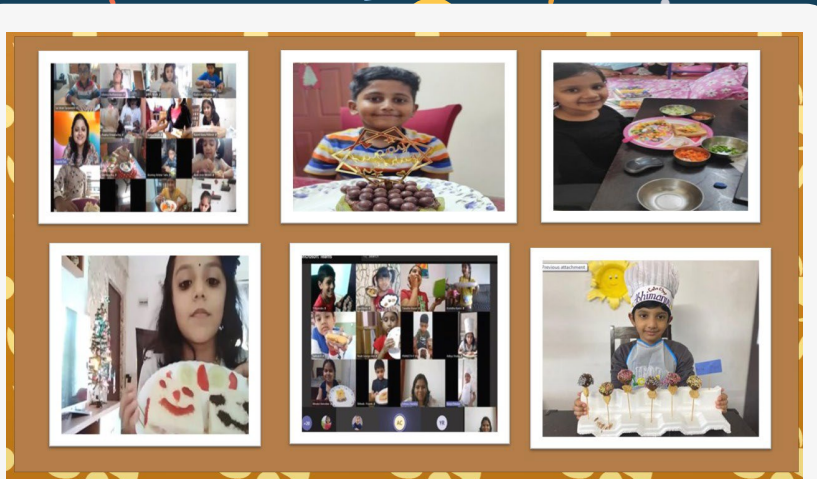

“Everyone around us is looking for solace, hope and a tasty snack”.

Food is symbolic of love when words are inadequate. The key to healthy snacking is being conscious of when, what and how we snack. Paying attention to all these will put us on the path to a healthy lifestyle. A well-timed snack can take care of our hunger pangs and necessitate energy boost between meals. With the simple but powerful act of snacking, we can reverse our lifestyle any time.

Keeping this in mind, we had organized a “Cook without Fire” competition for all our lovely students of Grades I and II. Our young chefs got the opportunity to exhibit their culinary and creativity skills.

Children participated with full zeal and enthusiasm as they doled out nutritious yet delectable teatime snacks on the theme “Bread Feast”. The snack dishes displayed were a visual treat. The participants were adjudged on various parameters like presentation skills, nutritional value of the dish and the twist in the dish using bread as an important ingredient.

Ms. Chitra Kulkarni, was awe-struck by the presentations of our young chefs. Every student who participated presented a snack dish that was mesmerizing. Kudos to the efforts of the students and parents.

Saatvik Menon
1st Fire

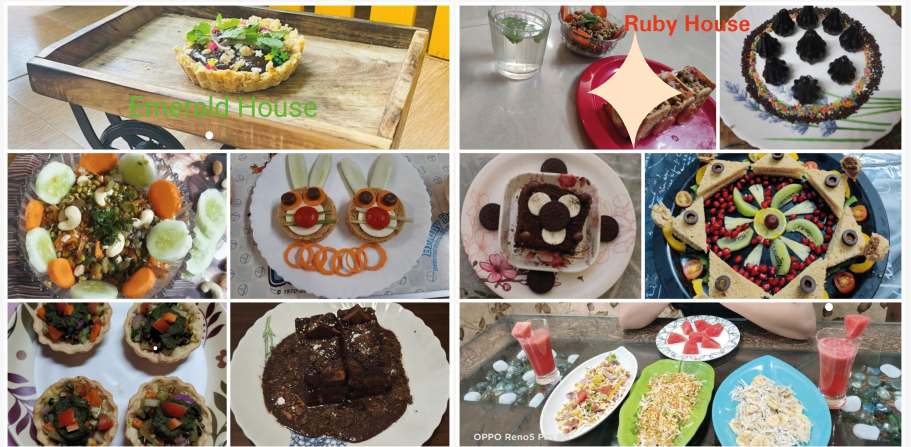

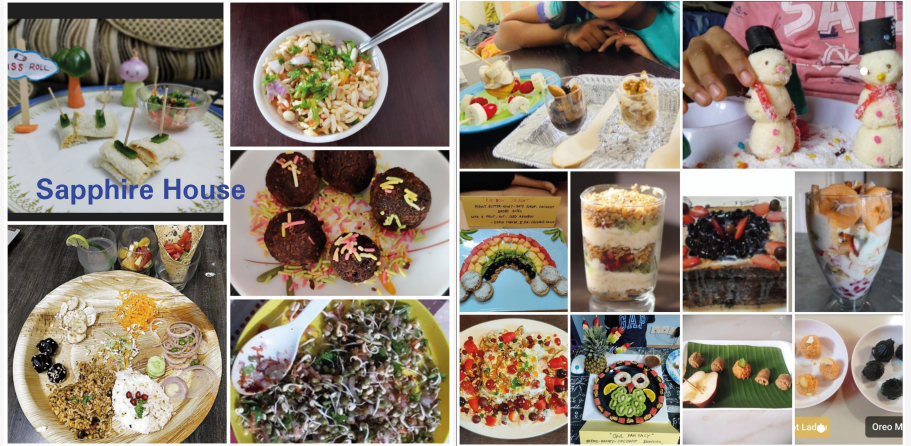

CCA - COOK WITHOUT FIRE - GRADES III TO V

“Learning is experience. Everything else is just information”

Students of the Upper Primary Section of Whitefield Global School, donned their 'Chef Caps' to exhibit their culinary skills in 'Cook Without Fire' competition.

The theme of the competition was 'Flavour Fusion'. Children participated with full zeal and enthusiasm as they doled out nutritious yet delectable appetizers. Delicious food items displayed were a visual treat and were presented in an artistic and aesthetic style.

The budding chefs took great effort to articulate ingredients of the recipes, nutritional value and the method used by them to prepare their masterpiece. The event not only provided a platform for the students to foster their creativity and decision-making skills but also helped them explore their hidden talents and discover new areas of interest.

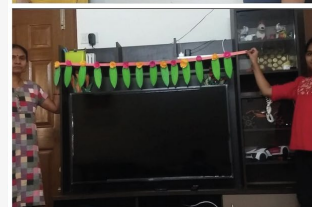

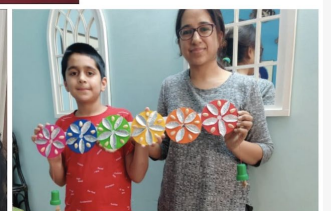

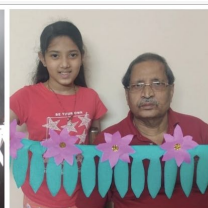

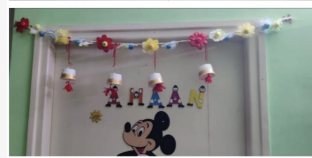

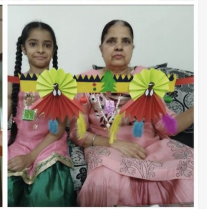

CCA – TORAN MAKING GRADES III TO V

Festivals are always celebrated with much fervor and zeal. Decorating the house during holidays is the perfect time of merrymaking and enjoying with family, friends, and relatives. One such event, a Toran-making competition was organized by the Whitefield Global School as part of CCA activities, to start energizing homes with positive vibes and to bring the family together.

Toran is also known as Bandhanwars, fit perfectly into the archways of doors and at the entrance of homes. Every community and region has its tradition and style of making Torans to adorn homes. It can be found in Japanese, Korean, Thai, and Chinese cultures as it is believed to bring in a sense of positivity and purity and they are an essential ingredient of celebrations.

Torans are inspired by whatever is available in our immediate surroundings and what has been passed on to families through generations. Students of Upper Primary created these beauties in their homes using colorful charts, old CDs, flowers, beads, woolen yarn, thread balls, shells, saree borders, Kundan, golden ribbons, plastic decorative with bells, lace, etc.

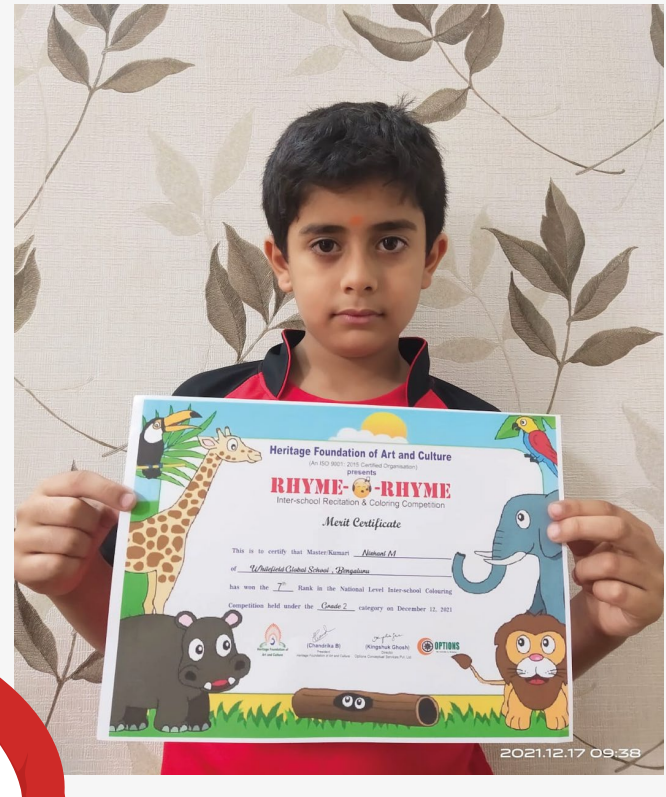

HERITAGE FOUNDATION OF ART AND CULTURE NATIONAL LEVEL INTER-SCHOOL COLOURING COMPETITION

In the month of December our students participated in Interschool competitions organized across Bengaluru.

Master. Nishant M of Grade 2 participated in Rhyme- O-Rhyme-Inter-school Recitation and Colouring competition organized by Heritage Foundation of Art and Culture and bagged 7th position in the National Level Inter-School Colouring competition.

Heartiest congratulations to Nishant.

CHRISTMAS CELEBRATION PRIMARY

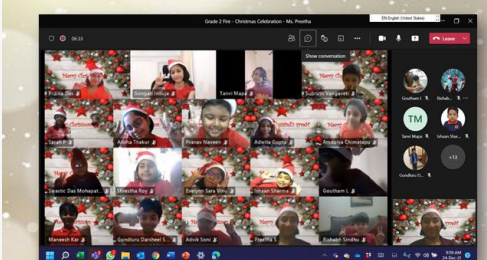

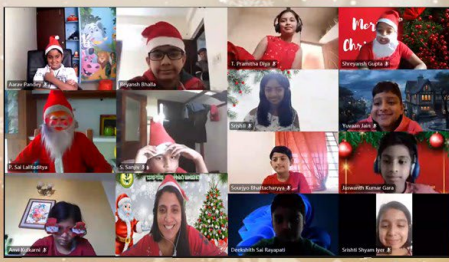

Christmas is a season to wish one another joy, love, and peace. To bring Christmas cheer, the students of Grades 1 to 5 of Whitefield Global School celebrated the festival from the safety of their homes by presenting a morning assembly and virtual class celebration on December 24th.

A great way for getting into the Christmas spirit is with Christmas carols and dancing as it exudes warmth, happiness, generosity, and goodwill. And our students got it all. A special visit from Santa Claus wishing everyone a Merry Christmas, with the message highlighting the pleasure of giving and cherishing as the true spirit of Christmas.

The festival of Christmas is all about spending quality time with family and friends. It's about creating beautiful memories. Time spent together virtually can be just as special and fun. Students of Primary were dressed in Christmas colors, enjoyed a special tour of Disney's Magic Kingdom, a session of fun games that were filled with joy and laughter with their favorite snack and drink.

The excitements continued for teachers with celebration of "Secret Santa - Exchange of gifts anonymously followed by lunch. It was a festive and joyous mood. May the beauty, spirit, and magic of this wonderful season live with you all through the New Year. Best Wishes from WGS.

ABOUT US

Whitefield Global School "WGS", an Institution of Chalasani Education Trust, is totally committed to imparting holistic education to the children and turn them into responsible global citizens for the future.

The School is situated on a picturesque 2.5 acre of land, free from both noise and air pollution, and is within the close proximity of IT Corridor and major corporates. Our aim of running the academic Institution is based on our reverence for the Mission of Education.

We aim to provide quality education using a fine blend of modern techniques with the time tested ideas and methods, with every forth coming moment inspiring us to do better than the one passed.

We enable each student to realize his/her potential by providing them an institutional culture, characterized by dynamic implementation of the curriculum, augmented by a huge variety of co-curricular and extra curricular activities with highly individualized mentoring. Thereby turning the facility into a great opportunity for personality enrichment and inculcating life-oriented skills, values and competencies, much needed for employability and entrepreneurial initiatives.

OUR VISION AND MISSION

Whitefield Global School aims to create new vistas in education that imbibes in our children humanistic values, 21st century skills and help prepare them for future global leadership roles.

WGS will achieve this by galvanizing and continually nurturing our entire teaching-learning systems, processes and people to create opportunities for our children to experiment, experience and enjoy lifelong learning beyond classrooms and text books.
