● Rendezvous With Friends	6	Defence Challenge 10 KM cycling ride	
● CCA - Role Play - Grades I & II	7	● Republic Day Celebration	12-13

NEW YEAR SPECIAL ASSEMBLY

"Talent wins games, but teamwork and intelligence win championships."

Collaboration means 'listening and evolving together, helping, and supporting each other for the sake of a collective goal. Keeping in sync with the same thought the students at Whitefield Global School welcomed the new year 2022 with great zeal and happiness.

A special assembly on the theme of Collaboration was conducted by the students of Primary segment on 3rd January, 2022.

The assembly started with a warm welcome by Dhruti Gundar (2 Earth). The assembly continued with the school prayer, followed by a beautiful thought, which was shared by Advait of 1 Dew and Prisha of 3 Rainbow. Vian of 1 Light enhanced the vocabulary of the students by adding a new word to the WGS dictionary.

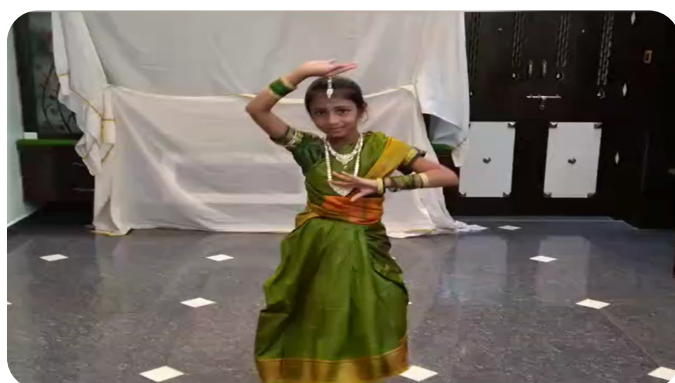

Vansh of 1 Fire and Alyona of 2 Earth updated the audience with the current happenings around the world. Reyansh of 2 Dew and Dineshkar of 5 Fire shared the thoughts on collaboration.

Vihaan of 2 Air shared his new year resolution and Aditi Jindal of Grade 4 narrated a beautiful story and conveyed a moral that: -Together in a team we can make anything possible (the most difficult tasks can also be done). We should also not judge the abilities of anyone by their size or looks.

The assembly became even more colorful with a beautiful song rendered by Nandini of 1 Fire and a splendid dance performance by Mrithula of 2 Sky.

Ms Deepa, Head Mistress of Primary Segment shared her thoughts and enlightened the students with her words of wisdom.

Students enjoyed the assembly and were able to realize the importance of collaboration in their lives for future leadership roles. The assembly was concluded with the National Anthem.

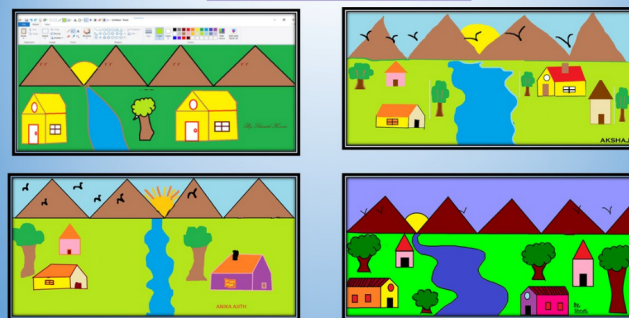

ACTIVITIES OF STUDENTS

Learning by doing activities is a fun approach since it boosts the development of the brain in children by providing them with constant stimulus to respond. Our students have been learning new concepts in different subjects through different activities. Activity-based learning is achieved mainly in three ways which are, experimentation, expression, and exploration.

This was put into practice in grade II English class where they enhanced their presentation skills through a roleplay activity on the contribution of everyday helpers in our lives. In EVS, they learned about the properties of air. They also learned the different features of MS Paint and beautifully presented their artwork during the computer classes.

Grade 3 students drew a big pizza and cut it into many slices and used different combinations of it to learn Fractions in Math. They learned how to draw colourful circles with different colours and pen sizes using different blocks in Scratch. In Grade 4 Science, students marked the most important Wind, Solar, and Thermal Power Sites on Map. As part of Math activity, they also measured the length, breadth, and height of different objects at home using measuring tape/ruler, and then they converted their findings into the lowest unit. In Grade 5 Social Studies a skit was performed by young actors on the struggle for independence -Bengal Partition and Swadeshi Movement, etc. We're very proud of the dedication of our students.

Computer- MS Paint

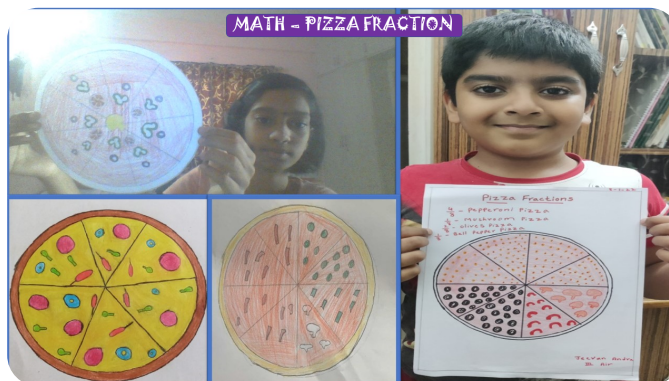

English – Role Play

EVS – Properties of Air

MATH – PIZZA FRACTION

Computer - Drawing colorful circles using different blocks in Scratch.

HEIGHT IN MM	297 mm

SOCIAL SCIENCE - ROLE PLAY - SOCIAL REFORMERS

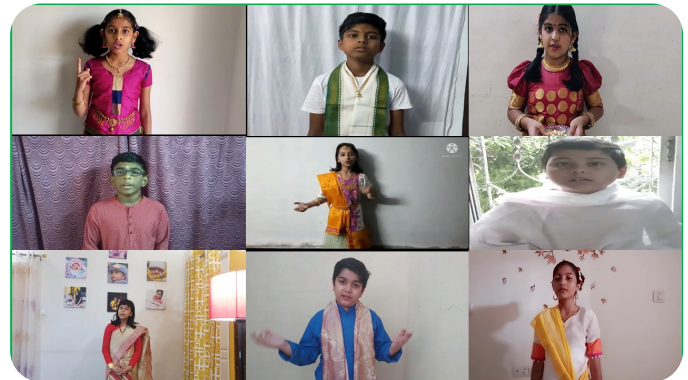

MAKAR SANKRANTI SPECIAL ASSEMBLY

“ गुड़ की मिठास, पतंगों की आस, संक्रांति में मनाओ जम कर उल्लास ”

Ushering the festivities with pomp and show across the country, Sankranti is the festival that marks the celebration of the harvest season. The Primary Students at Whitefield Global School celebrated the festival with a special assembly by Emerald House.

The hosts for the day were Riddhi and Aditya of Grade 5. "Always do your best. What you plant now, you will harvest later," was the thought shared by Sri Loukya of grade 2 . Mariam Sadiq gave updates on the WGS news headlines. Aviram Sharma of grade 2 added "Integration" to WGS vocabulary. Aridrito of grade 4 spoke about the cultural significance of the festival and how it falls on the same day every year on January 15th with a few exceptions where it is on the 13th. After the festival, spring officially begins and the days will become longer and nights become shorter. Some fly kites and make special sweets, while others visit the temple and spend time with relatives and family. The celebrations vary geographically as we move from one state to another.

With every state celebrating and welcoming the new season of harvest in their own indigenous manner, this was showcased beautifully by our children by sharing videos of celebrations they do at home. Almost everywhere in the country the festival is celebrated in myriad cultural forms and is known by different names. Every region celebrates it in innumerable ways, according to the localization, culture, and traditions. The event got exciting with stunning dance and music performances by our children.

House Mistress Ms. Samiksha wished all a very happy Makar Sankranthi. She told everyone to have fun and be respectful, live in peace and harmony, always be gentle and helpful to others. Finally, the Primary Coordinator, Ms. Chitra Kulkarni, read out a poem with a beautiful message that every year is a new beginning and to never give up in despair as there is always a chance to start over. We must learn from our mistakes and continue to achieve our goals.

Wish you all a very Happy Makar Sankranthi from WGS!!

RENDEZVOUS WITH FRIENDS

"Good food is all the sweeter when shared with good friends"

Our, Rendezvous with Friends on the theme of " Pastime with Paratha" event held on 13th January for students of Primary segment echoed the thought loud and clear as the students came over in virtual mode for lunchtime with their classmates over healthy parathas and discussions about their new year resolutions.

They talked and laughed to their heart's content and tried to relive the beautiful moments that they spend with their friends in physical school during lunchtime. The first lunchtime meeting on the New year gave them enough memories to carry away in their little hearts for a long time.

Our students are enjoying lunchtime and sharing their cute experiences with their friends and teachers.

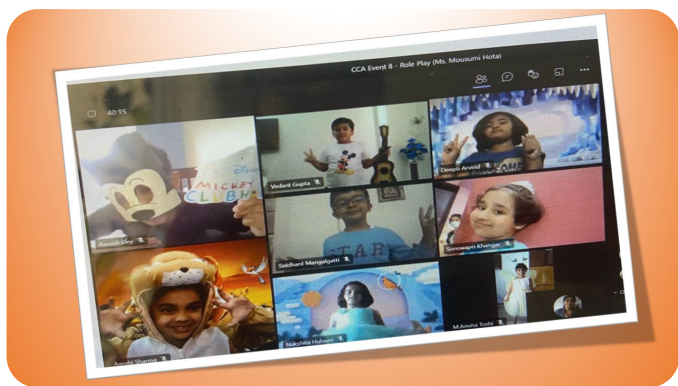

CCA – ROLE PLAY – GRADES I & II

Whenever children say, 'Let's Pretend', a new landscape of possibilities for learning is revealed. When children pretend, they try on new feelings, roles and ideas. They stretch their minds along with their imaginations.

To give our children this opportunity to 'Pretend' and explore a new way of learning, we the primary wing of WGS (Grades I and II) conducted a "Role-Play" competition on 21st January 2022 as part of CCA. The participants got an opportunity to imitate different characters. It offered a chance to the participants to gain experience, showcase speaking and presentation skills and uncover personal aptitude. The objective of this competition was not only to blend learning with fun but also to develop confidence in the children.

Children were very enthusiastic about dressing up and playing the role of their favourite character. The tiny tots of Grade 1 played the role of their favourite "Disney Character" while the children of Grade 2 left no stone unturned as they played the role of their favourite "Sports Personality". The participants gleefully played the role and amused the audience with their creativity, speech, memory, acting skills and boundless imagination shown in their presentation.

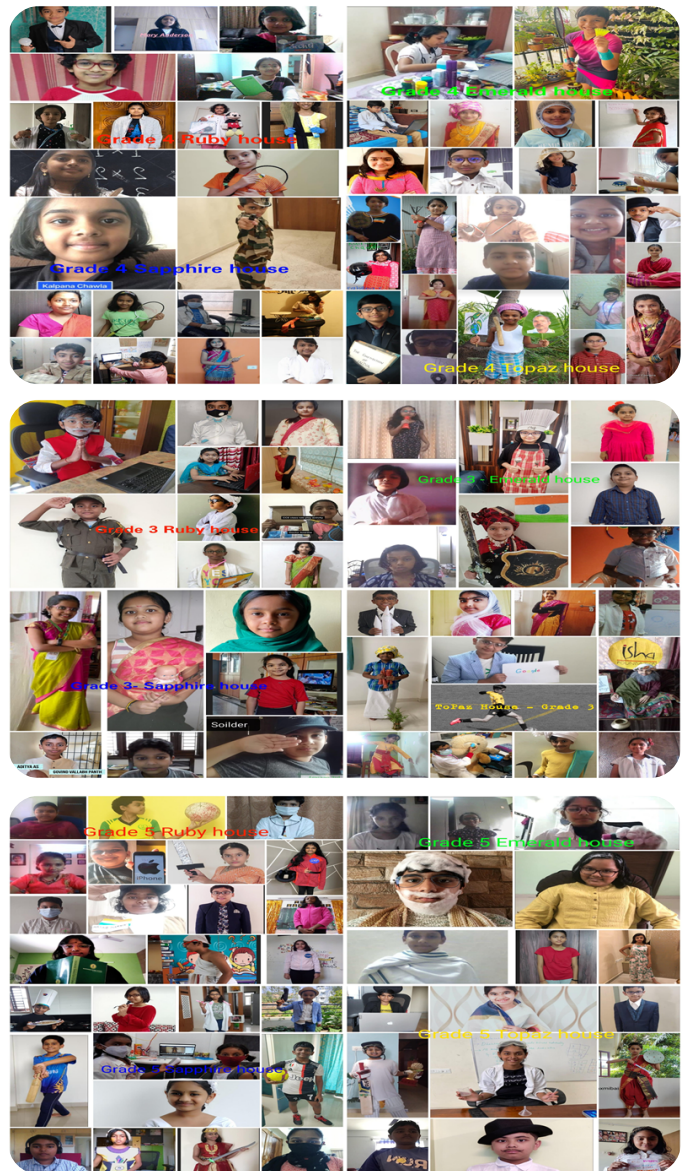

Our judges Ms. Shyba Dhar and Ms. Sebanti had a tough time selecting the best out of all the breath-taking performances. The competition proved to be a great learning experience for the children. Through their innocent enthusiasm and colourful imagination, the children turned the event into a roaring success. For us, all the children are winners and their presentation for sure won everybody's hearts.

CCA – ROLE PLAY – GRADES III TO V

“Role-play is extremely important to kids. It's the closest way the child can truly become their favorite superhero.”

Role-playing is an activity that depicts a small act that allows participants to imitate different characters. It provides students with experience and demonstrates their speaking and presentation skills. An Intra House Role Play Competition was organized at Whitefield Global School, for the students of Upper Primary. The purpose of this contest was not only to blend learning with fun but also to develop confidence in them. The excitement of our actors knew no bounds as they waited eagerly for their turn to perform. Their costumes were great, and glowing in all their finery, they emulated the renowned national leaders like Mahatma Gandhi, Bhagat Singh, PM Sri Narendra Modi, and famous personalities Like Messi, Shakuntala Devi, Sundar Pichai, etc and their personal favorite heroes -their parents with confidence and passion. The students were electrifying in their performances. This memorable event calls for a special mention for parents who had supported the students for the event.

SPELLBEE STATE LEVEL EXAMINATION

Spelling is important because it aids in reading. It helps cement the connection that is shared between sounds and letters.” Language plays an important role in the all-around development of a student. Appropriate words with correct spelling convey the right message.

Chethan of Grade 3 Fire section secured 8th rank in SpellBee State Level Examination.

We at WGS are extremely proud of his achievement.

7 CONTINENTS VIRTUAL 5 KM RUN AND TOTAL DEFENCE CHALLENGE 10 KM CYCLING RIDE

"It's not the will to win that matters – everyone has that. It's the will to prepare to win that matters."

We at WGS are proud to share the recent accomplishment of A. Ganeth of grade 4. He started his sports journey at the age of 4 by completing his first 3 KM run in Bangalore. Now he primarily runs 5 KM marathons and so far, he has completed 16 Marathon runs.

In early 2021, he completed 7 Continents Virtual 5 KM runs (7 events * 5 KM run). Recently he stepped into cycling and now he has completed Total Defence Challenge 10 KM cycling rides (5 events * 10 KM ride). He is very passionate about sports and he loves to Play Tennis and Cricket. Heartiest congratulations to his parents. We wish Ganeth great success.

REPUBLIC DAY CELEBRATION

Republic Day is celebrated on January 26 to commemorate the day when the Constitution of India was established. Observed all over the country, with a whole lot of pomp and grandeur, this day celebrates our freedom fighters, our heroes, and the right of the citizens to be able to choose their government and all other rights that came with the Constitution. Whitefield Global School celebrated the 73rd Republic Day with great zeal and enthusiasm. Primary sports captain Tarang was the host of the event. Primary Head girl Anvi spoke about the significance of the Constitution of India. Primary Head boy Arjun spoke about the Bravery Award presented to children. Students of grade 1 shared some beautiful and inspiring quotes to highlight the significance of the day. To make the event more special all were treated to some stunning dance performances by students of the primary section.

WGS wishes everyone a very Happy Republic Day

REPUBLIC DAY CELEBRATION

ABOUT US

Whitefield Global School "WGS", an Institution of Chalasani Education Trust, is totally committed to imparting holistic education to the children and turn them into responsible global citizens for the future.

The School is situated on a picturesque 2.5 acre of land, free from both noise and air pollution, and is within the close proximity of IT Corridor and major corporates. Our aim of running the academic Institution is based on our reverence for the Mission of Education.

We aim to provide quality education using a fine blend of modern techniques with the time tested ideas and methods, with every forth coming moment inspiring us to do better than the one passed.

We enable each student to realize his/her potential by providing them an institutional culture, characterized by dynamic implementation of the curriculum, augmented by a huge variety of co-curricular and extra curricular activities with highly individualized mentoring. Thereby turning the facility into a great opportunity for personality enrichment and inculcating life-oriented skills, values and competencies, much needed for employability and entrepreneurial initiatives.

OUR VISION AND MISSION

Whitefield Global School aims to create new vistas in education that imbibes in our children humanistic values, 21st century skills and help prepare them for future global leadership roles.

WGS will achieve this by galvanizing and continually nurturing our entire teaching-learning systems, processes and people to create opportunities for our children to experiment, experience and enjoy lifelong learning beyond classrooms and text books.
