

WHITEFIELD GLOBAL SCHOOL

QUALITY OBJECTIVES

1. To ensure 100% of students achieve age-appropriate learning outcomes across all domains through the structured implementation of its holistic curriculum aligned to NEP 2020, NCF-FS, and NCF-SE, by the end of each academic year.
2. The school seeks to foster socio-emotional resilience, skill development, and 21st-century skills for lifelong learning in students through technology-enabled teaching-learning practices. This will be achieved by integrating any two of the following strategies:
 - Implementation of mental health initiatives
 - Integration of skill-based programs
 - Emphasis on cultural diversity and sensitivity
 - Promotion of humanistic values
 - Encouragement of global leadership qualities
 - Cultivation of self-motivational skills
 - Involvement in Community Engagement Programs
 - Ensuring 100% student participation in all in-house programs and at least one intra-school competition
3. The school will introduce a minimum of two innovative teaching-learning pedagogies through in-service training sessions for all teachers each year.
4. The school will engage stakeholders in performance analysis of the school atleast once a year for its continual improvement.
5. To ensure a safe, secure, and well-monitored learning campus environment by implementing the required compliance with CBSE-SQAAF safety standards including physical safety, emotional well-being, infrastructure readiness, hygiene, and digital safety.
